

Dalcroze UK Safeguarding Policy

1. Introduction

- 1.1 The Charity Commission has stated that safeguarding should be a key governance priority for all charities, regardless of size, type, or income, *not just those charities working with children or adults at risk*. It has also stated that it is essential for Society trustees to have and implement safeguarding policies and procedures and that they have to be adequate and appropriate for the Society's particular circumstances.
- 1.2 This Policy applies to all staff, self-employed teachers and volunteers of the Society. In this Policy, "volunteers" means and includes the Society's trustees and all other volunteers.

2. Commitment to Safeguarding

- 2.1 Those who participate in the activities provided by the Society or are beneficiaries of the Society, are referred to in this Policy as its "participants"
- 2.2 Participants may be at risk due to age, illness, or disability. The Society is committed to working in their interests, to promote their welfare, and to put in place safeguards and measures to protect them. In providing activities and benefits for participants, the Society will always endeavour to minimise risk to them and to ensure that they are as safe as the Society can make them.
- 2.3 The Society aims to protect all its participants from any act or behaviour of any member of staff or volunteer which, whether deliberately or unknowingly on the part of that member of staff or volunteer, gives rise to harm or ill treatment.
- 2.4 Such harm or ill treatment includes abuse (physical, sexual, emotional, discriminatory, institutional or organisational, financial or material), neglect, or impairment of the health or development of the Society's participants.
- 2.5 The Society recognises that it has a duty to act on reports or suspicions of abuse or neglect. It adopts a "zero-tolerance" policy of abuse within the Society.
- 2.6 The Society will work in partnership with local / national agencies to put in place appropriate procedures for reporting, making referrals, and accessing training and specialist support, as and when required.

3. Safe Recruitment

- 3.1 To aim to protect its participants, the Society will seek to recruit staff and volunteers using appropriate procedures, safeguards and checks.
- 3.2 The Society will take up at least two references for all staff posts and volunteer roles prior to appointment.
- 3.3 The Society will provide an induction programme for all new volunteers and staff, and appropriate training and ongoing/refresher training for them at regular intervals, to enable all volunteers and staff to undertake their roles safely, effectively, and confidently. The induction will make it clear to them that they have an obligation to implement this Policy and to learn about protection issues and their related responsibilities.
- 3.4 Where the Society should do so, it will use the Disclosure & Barring Service (“DBS”) checks to help it to assess suitability of a candidate for a particular volunteer or staff role which is treated by the DBS as Regulated Activity and is therefore subject to a barring list check. In relation to a post or role which is eligible for an enhanced DBS check, where it considers it appropriate it will carry out an enhanced DBS check. The Society will assess any criminal record information that is disclosed in line with its data protection and equalities (treating ex-offenders fairly) policies.
- 3.5 The Society will regularly review its recruitment and other human resources procedures in response to changes in legislation and systems external to the Society, e.g., DBS and barring list checks.

4. Volunteers

- 4.1 Volunteers will be treated equally alongside paid staff, and all volunteers will be offered the same opportunities for advancement, responsibility, training and gaining qualifications, and acknowledgement for their contribution to the Society.
- 4.2 In turn, volunteers will be required to adhere to the applicable parts of the Code of Conduct (Staff and Volunteers) at all times as a representative of the Society. Before they take up their role, they will each be given a clear description of the requirements and responsibilities of their role and the member of staff or trustee recruiting them will discuss their role with them, to ensure that they understand what is expected of them.
- 4.3 Any volunteer roles, which would be Regulated Activity if unsupervised, will be appropriately supervised in accordance with statutory guidance.

5. Safeguarding Officer

- 5.1 The Society's appointed Safeguarding Officer as from 28/10/2022 is Adam Hope and they are supported by the Chair of the Board as Deputy Safeguarding Officer. They will have access to appropriate training to support them in these roles.
- 5.2 They will be available to all staff, volunteers and Participants to speak to when they have any concerns, issues, or complaints regarding the safety, well-being or conduct of participants, volunteers or staff.
- 5.3 The Safeguarding Officer and Deputy Safeguarding Officer will liaise with appropriate local and national agencies, contribute to appropriate policies, maintain records, keep confidentiality, adhere to and promote this Policy within the Society, and support or provide access to support for individuals suffering harm or abuse.

6. Awareness of Harm and Abuse within the Society

- 6.1 All incidents of harm to any participants will require an appropriate response to reduce risks and improve the Society's activities.
- 6.2 Harm is caused by accidents, deliberate abuse (physical, psychological, sexual, emotional, financial), neglect (deliberate or not) or factors such as bullying, prejudicial attitudes, or a failure to enable a person to participate in activities that are open to most of their peers. It can also include abuse via use of ICT facilities (e.g. grooming, bullying via the internet).
- 6.3 Deliberate acts of harm (physical, psychological, sexual, emotional and financial) and neglect are abuses against the person. Those acts will incur disciplinary proceedings and require reports and referrals to social services, the police, other professional bodies, and the DBS if the act is by someone in Regulated Activity. If a criminal offence is thought to have been committed by any staff member or volunteer, the police will be informed.

7. Confidentiality

- 7.1 In All reports and logs (including personnel records) will be kept securely and confidentially according to the Society's Data Protection Policy and Confidentiality Policy or in line with the DBS Code of Practice for Registered Bodies if appropriate, until or unless it is necessary to share this material with the agencies named above. Information will be shared by the Society on a "need-to-know" basis only.

8. Reports of Possible or Actual Harm

- 8.1 The Society supports and encourages all participants, volunteers and staff to promptly speak up and contact the Safeguarding Officer or Deputy Safeguarding Officer where there is a concern (i.e. a worry, issue or doubt about practice or about treatment of a participant or colleague, or their circumstances), or a disclosure (i.e. information about a person at risk of or suffering from Significant Harm) or an allegation of an incident or a possibility that a volunteer or staff member has caused harm or could cause harm to a person in their care.
- 8.2 Staff or volunteers can report, and have a responsibility to report, something that they become aware of if they suspect or discover that it is not right or is illegal or if it appears to them that someone at work is neglecting their duties, putting someone's health and safety in danger or covering up wrongdoing. They may become aware of any of these things from what they see or hear or from something another person has disclosed to them.
- 8.3 In the first instance the staff or volunteer making a report should speak to their line manager or the Society manager who will then liaise with the Safeguarding Officer, Deputy Safeguarding Officer or the Society's trustee with appropriate responsibility who is Angie Aiken. However, if the report implicates their line manager or the Society manager, the staff member or volunteer making the report should instead speak directly to Safeguarding Officer, Deputy Safeguarding Officer or that trustee.
- 8.4 The Society prefers that anyone should use internal processes whenever possible to make a report as above, but this does not prevent them from making a report or referral, in their own right as a private individual, to statutory agencies such as social services or the police.
- 8.5 The Society cannot promise confidentiality to staff or volunteers making an internal report (to the Safeguarding Officer, Deputy Safeguarding Officer, the Society's trustee with appropriate responsibility or their line manager) where it is has to be shared with any statutory agencies.
- 8.6 The Society also supports its staff or volunteers to raise concerns or to disclose information, which they believe shows malpractice - whistle-blowing (disclosure in the public interest).

9. Safeguarding Officer's Action

- 9.1 Where there is risk of Significant Harm to any participants, volunteers or staff, the Safeguarding Officer and Deputy Safeguarding Officer have the power to act as necessary and as follows:

- log all conversations regarding the issue
- sign and request signatures on reports and statements
- confidentially seek advice from expert sources
- share concerns (with consent where required and appropriate) internally with senior staff / Chair of the Board of trustees
- share concerns and make referrals to external agencies such as social services or the police, as appropriate to the circumstances
- make a referral to the DBS regarding staff or volunteers in Regulated Activity whose conduct is harmful to participants and refer them to DBS when they are removed from Regulated Activity.

10. Communication by the Society about safeguarding and this Policy

- 10.1 All staff and volunteers have an obligation to learn about protection issues and their related responsibilities.
- 10.2 The Society will communicate this Policy (using appropriate methods, formats and language to communicate the substance of it) to all of its staff, volunteers, and participants and their families / carers, and it will also make it available to the public. The society manager will be responsible to the Board of trustees for communicating this Policy to them.
- 10.3 To encourage everyone involved in the Society to understand that safeguarding is the business of everyone, and to assist all staff and volunteers to learn about protection issues and their related responsibilities, the Society will place safeguarding on the agenda for meetings of the Board of trustees and provide other opportunities for discussion about issues and concerns, policy and procedures to reflect, review and to continue to learn and improve in relation to the Society's safeguarding responsibilities.

11. Implementation of this policy

- 11.1 This Policy must be followed by all staff and volunteers of the Society and must be promoted by all of its trustees and senior staff. Failure to follow it will be treated as a very serious matter.
- 11.2 This Policy needs to be read in conjunction with the following policies and procedures of the Society:
- Safe Working Practice Guidance
 - Health & Safety Policy

- Code of Conduct (Staff and Volunteers)
- Data Protection Policy
- Confidentiality Policy
- Equal Rights and Diversity Policy
- Complaints Policy
